6. Update on matters arising from the minutes

a) Tasburgh Village Hall Fete

It was confirmed that a stand for the Parish Council to attend the summer fete scheduled 14th September 2025 had been booked. Andrew Patrick confirmed he had the display boards which he would set up on the day. **AP**

b) Highways

It was confirmed that a response had been received in relation to the Council's request to support the speed limit reduction on Henry Preston Road previously circulated to all members. It was noted that the response reflected that emailed to the parishioner and would be considered further under agenda item 7c.

c) Key safe

The lock had been fitted, and code had been given to those identified in the community emergency plan.

7. Correspondence

a) Request from Hemphall Parish Council

Previously circulated, with no further action required.

b) 2025 Community Biodiversity Awards

Previously circulated, with no further action required.

c) Request for a 20mph school zone

Details of parishioner's request had been previously circulated.

The meeting was suspended to allow the public and those Councillor/s present to contribute to the discussion proposed by Brian McGuire seconded by Keith Read, all in favour.

Key points of the meeting raised are summarised as follows:

- Highways are supportive of a reduced speed limit however any changes need to be externally funded and supported by evidence.
- 20mph is not enforceable.
- It was noted that no accidents had been reported in the last 37 years.
- Member of the public feels that 30mph is considered too fast for the estate.
- A member of the public reported that speeding is not just during school time.
- Concerns from member of the public that when cars are parked at the entrance on either side of Henry Preston Road it is difficult for residents to access Church Road. This has resulted in avoiding going out during school pick up/drop off times.
- The answer to the above concern might require something different i.e. double yellow lines, which has been previously done but took 2-3 years to come to fruition.
- Funding from members budget is already allocated but County Councillor is willing to contribute £500 towards the cost to install traffic counter at location from her remaining members' budget. This will determine if traffic calming measures are required to obtain compliant for a 20mph speed limit.
- Need support from all residents on the Henry Preston Road estate.
- Members of the public were supportive of gathering the necessary evidence that is required by Highways. It was noted that this will take time.
- Consider moving SAM2 (Speed Awareness Machine) onto the 30mph repeater sign on Henry Preston Road by village noticeboard to help with additional data collection. This would provide more data but needs approval from Highways.
- Members of the public were encouraged to undertake more research into other traffic calming measures i.e. speed bumps as not all residents will be supportive of them, and they will require additional street lighting.

Thanks were extended to those members of the public in attendance for their contribution.

The meeting was reconvened.

It was **agreed** to request approval from Highways to locate the SAM2 machine to the 30mph repeater sign located on Henry Preston Road near the village noticeboard and when required undertake a traffic survey at a cost of £500.00 paid by County Councillors members budget, proposed by Brian McGuire seconded by Preston Thomas all in favour. **Clerk**

h) Removal/addition of online bank signatories

It was noted that the forms had been printed and required completing/signing by the individuals before being returned to Barclays for authorisation.

10. Public Participation and Exchange of Information

The meeting was suspended to allow the public and those Councillors with a prejudicial interest to speak.

a) County Councillor Alison Thomas

Alison reported that the Long Stratton bypass is now open. The Southern end is still closed but should be open any day. Further details on its progress can be found https://www.longstrattoncouncil.info/bypass-info

There is little to update on Local Government Reorganisation as a response is still being waited on from National Government in relation to the proposal submitted. Keith Read expressed his regret regarding the decision to demolish South Norfolk House. Alison Thomas explained that, due to the substantial repairs needed, retaining the building was no longer a feasible option.

b) District Councillor Martyn Hooton

No report available.

c) Public Comments

A member of the public reported that they often wait for up to 10 minutes when they are turning right onto A140 from Church Road and enquired whether there are any plans to make accessing the A140 easier. Alison Thomas suggested that once work on the Long Stratton bypass had been completely finished it could be looked at again to see if accessing the A140 at this location still remains a problem.

Matt Read suggested making sure that the SAM2 on Low Road is operational in readiness for the imminent road closure of Flordon Road for the installation of the village gateway signs.

Matt Read noticed that one of the seats on the village playfield had raised bolts on it which the Trustees might not be aware of. It was **agreed** to let them know. **Clerk**

Alison Thomas left the meeting along with 6 members of the public.

The meeting was reconvened.
