b) Networking session for Chairs/Vice-Chairs

Jill Casson and Adrienne Watts attended this NPTS event where a variety of topics were covered. Both agreed it was an excellent session, an opportunity to share information and well worth attending.

c) Networking session for Clerks

The Clerk recently attended this NPTS event. Some topics discussed were very relevant for now, i.e. the new website accessibility regulations, budget and precept and internal audit. Other topics covered whilst not applicable now are useful to know if such matters arise in the future. Details will be posted on Norfolk Clerk's facebook page regarding potential successful speed reduction schemes. **Clerk**

10. Public Participation and Exchange of Information

The meeting was suspended to allow the public and those Councillors with a prejudicial interest to speak.

a) County Councillor Alison Thomas

A reminder of the Divisional Boundary Review currently underway. Alison thought it was unlikely that Tasburgh would move divisions. Patience was asked for with regards to possible delays to repairs of potholes as teams undertaking these repairs are having to prioritise flooding matters.

The consultation on NCC budget had now closed and would be considered by Full Council in February. The Greater Norwich Local Plan Regulation 18 Draft Consultation would soon be open for consultation and South Norfolk Council intend to prepare a separate village clusters plan.

Landscaping to the Hempnall roundabout is taking place with trees and hedging being planted and the outcome of the funding for the Long Stratton by-pass is still awaited.

It was reported that whilst the drainage chambers on the Hempnall road have been cleared those on Low Road are still blocked and need clearing out. Alison agreed to look into.

Alison left the meeting

b) District Councillor Michael Edney

Nothing to report at a ward level.

c) Public Comments

A member of the public queried why access through Rainthorpe Hall grounds had been closed off when previously this was open. It was noted that there had been several crime issues reported in the area within the last few months and the new owners are within their right to request that access is strictly with the owner's consent.

The meeting was reconvened.

11. Planning

/PT**

12. Working Group Meeting

a) The minutes of the meeting previously circulated were noted. Rik Martin who attended discussed various options of developing a plan for the future of Tasburgh and suggested a Neighbourhood Plan would be something worth considering. The following are the recommendations of the group:

- Look into developing a Neighbourhood Plan
- Contact the District Council for more information and identify boundary area
- Contact neighbouring parishes to gain any interest in undertaking a joint plan.

**AW/
Clerk**

All **agreed** to accept the recommendations of the group.

13. Ongoing Projects

a) Community traffic schemes

The amended SAM locations for the forthcoming year were **agreed** proposed by Willie Crawshay, seconded Keith Read all in favour. Comparing yearly results gathered from the same location could perhaps provide better evidence; whether this would affect change is debatable.

It was noted that the new SAM battery had been ordered and awaiting delivery.

Clerk

14. Ongoing Items

a) Burrfield Park

Itemised costs had been provided of £850.00 to undertake the work on the recent tree survey. Two of the trees in question are protected by Tree Preservation Orders and therefore consent needs to be obtained from South Norfolk District Council before agreeing to any work. It was **agreed** to submit the TPO applications to South Norfolk District Council, proposed by Keith Read, seconded Brian Hill all in favour.

Clerk

b) Low Road development

The Developer had responded very favourably to the request to look at alternative routes for deliveries to the site. It was **agreed** to suggest leaving the A140 via Newton Flotman and follow the Flordon Road leading into Low Road, proposed by Keith Read, seconded Adrienne Watts all in favour.

Clerk

15. Consultations

a) Greater Norwich Local Plan – Regulation 18 Briefing

It was **agreed** that Jill Casson and Adrienne Watts would attend the briefing on January 23rd and provide a report for February meeting.

Clerk

16. 2020/21 Budget Planning

a) Tasburgh Village Hall Management Committee request

Letter received had been previously circulated for consideration. Clerk

It was furthermore **agreed** that the same contribution made to the Parochial Church Council towards grass cutting maintenance would also be increased from £500.00 to £600.00 proposed by Keith Read, seconded Preston Thomas, 4 in favour, 1 abstention.

Clerk

b) Budget & precept 2020/21

The draft budget previously circulated was considered and finalised subject to the proposed amendments to the budget as listed below:

- Increase the contribution to the grass cutting maintenance to the Village Hall and the Parochial Church Council to £600.00
- Reduce the unallocated project budget to £2500.00
- Any remaining funds allocated under the Projects heading would be transferred to the contingency funds for Burrfield Park and Play area.
- Any remaining funds allocated to Other (Contingency) would be transferred to a contingency fund headed Unexpected costs.

Clerk

It was **agreed** to accept the budget and set the precept to £21,700.82, giving a 0% increase in council tax proposed by Keith Read, seconded Adrienne Watts, all in favour. The Precept Upon Charging Authority form was signed by the Chair and Clerk.

17. New Items

a) Health & Safety Inspections

Keith Read had undertaken the inspections and noted the following recommendations:

- Village sign is awaiting replacement
- Horseshoe footpath is passable with care
- Noticeboards on Church Road and Henry Preston Road need cleaning. Jill Casson kindly **agreed** to undertake this task.
- Church Hill passing places need monitoring.

JC

b) Monthly Play Area Inspections

It was **agreed** that Preston Thomas would share this task with Andrew Patrick once he had completed the Community Action Norfolk Play Inspection Training course on 26th February costing £40.00.

c) Articles for the Quarterly

A reminder that articles for the next issue are due **7th February 2020**. Long Stratton Medical Practice had agreed to submit an article and an article from the Working Group would also be included.

d) Church Hill Flooding

It was reported that this had been brought to the attention of the Highway Engineer with no further outcome. Andrew Patrick **agreed** to look at the area and bring back any recommendations for consideration. It was **agreed** to continue to build up evidence by means of photographs of flooding.

**AP/
Clerk**

e) Arrangements, topics for Annual Parish Meeting

It was **agreed** that the topic for the Annual Parish Meeting would focus on developing a Neighbourhood Plan.

It was noted that there is some pop up funding available for community groups wanting to put on a commemorative event celebrating VE Day – 8th May.
